

Beauty, brains and incredible power. Whole house audio with 60 watts of award winning* all-digital sound - all in one gorgeous package. The sleek and stylish in-wall Controller contains the 60-watt digital amplifier and is available in a variety of colors and finishes. The single gang, Decora™ sized Input Modules feature connections for analog and digital (coax/optical) sources with discrete IR control. The multi-source, multi-zone Router with 24-bit digital audio path uses standard CAT-5 wiring and can be expanded to hundreds of zones. This baby is one pretty, powerful package. Easy to sell. Easy to install - even for retrofits with the optional speaker wire to CAT-5 adapter. And so reliable you'll be selling, not servicing.

Beauty Is More Than **Skin Deep**

Looks, power and a whole lot more. Available for immediate delivery.
