Do It All Over The House.

ZON is the ultimate in quality sound for whole house audio. It's like having live performers all around your home. Oxmoor's best-in-class technology will blow you away with at least 60-watts of life-like music in each listening zone. The **only all-digital** whole house audio system – now with easy-to-use on-screen device control that seamlessly integrates with home automation and most everything else.
